

CLEANED UP THE CABARET

DEMPESEY IN A ROUGHHOUSE BATTLE FOR HIS SISTER, ELSIE.

By Elsie Dempsy, Salt Lake, Feb. 22.—The story of the fight between Dempsey and his sister, Elsie, who will tell the story of the fight.

Los Angeles, Feb. 22.—In the last chapter I was telling you about Jack Dempsey's fight in Salt Lake for \$250,000. I'll tell you now about the case for Elsie.

It was a beauty. Folks that say it ran on her hands over to it today, and the fifty, clean speaking little assistant to the sporting editor of the Salt Lake Tribune laughed happily when we were talking about the case for Elsie.

It was a beauty. Folks that say it ran on her hands over to it today, and the fifty, clean speaking little assistant to the sporting editor of the Salt Lake Tribune laughed happily when we were talking about the case for Elsie.

"And say, mister," said my little friend, "I've been thinking about the case for Elsie. I've been thinking about the case for Elsie. I've been thinking about the case for Elsie."

"And say, mister," said my little friend, "I've been thinking about the case for Elsie. I've been thinking about the case for Elsie. I've been thinking about the case for Elsie."

GROVER TO PLAY SECOND

PURCHASE OF WASHINGTON INFILDED WAS ANNOUNCED TODAY.

Manager McCarthy Will Cover Third Here, as Hubs Cochran and Warner Have Told the Management They Will Not Report.

The purchase of Roy Grover from the Washington club of the American League, announced this morning by George Muehlebach, president of the Kansas City club, means a change in the infield defense of the Blues. Grover is a second baseman and will be used at that position.

Alex McCarthy, the regular second baseman, will go to third base, a position with which he is thoroughly familiar.

George Cochran, the Carthage, Mo., athlete, has been a definite statement that he will not return to the club.

Hoke Warner, utility player with the club last year, also has announced his retirement from the game.

Grover is 25 years old. He was with Tacoma in the Northwestern League in 1914 and 1915, hitting over the 200 mark each year, according to John Savage, secretary of the Blues, who has followed Grover's career carefully.

In 1916 and 1917 Grover was with Connie Mack's Boston team, and in 1918 he was with the Washington club, but after that he has been out of the game.

Grover had a good season in 1919, but that was his last year in the game.

Grover is a right-handed batter and a right-handed thrower.

Grover is a right-handed batter and a right-handed thrower.

AROUND THE A. A.

The spring camps of the Association will be in the following places: Kansas City—Cherokee, Okla.; Indianapolis—St. Paul, Minn.; Louisville—St. Louis, Mo.; Milwaukee—Green Bay, Wis.; Minneapolis—Des Moines, Iowa.

Indianapolis, Feb. 23.—Jack Hendricks, manager of the Indianapolis team, may go to court to get injunctions to restrain infielder Steve Yerkes and Pitcher Bob Steele from playing with any club except Indianapolis.

During the Federal League was Hendricks' last as Indianapolis manager. Sanford Clark of this city from pitching for any club other than Indianapolis and he believes this precedent will hold. Yerkes has signed with the Franklin, Pa., semi-pro team, while Steele declares he will stick at Old City, Pa. A few days later there was a report that Steele would be sent to Toledo, but Steele vows he won't report there.

PONCA CITY MAX MEANS CIRCUIT.

The Oklahoma League May Be Compelled of His Club.

Ponca City, Ok., Feb. 23.—S. R. Shelton of Ponca City was elected president of the Oklahoma Baseball League at the chamber of commerce here, with Roy Grover of Ponca City, secretary, and Vincent of Blackwell, treasurer. Representatives were present from Newark, Garber, Blackwell and Ponca City. Another meeting will be held Thursday of this week with representatives of all the Oklahoma clubs.

They pay for themselves.

Wellington

It's a WDC. Northwestern defeated 10, 8, N. Winthrop, Kan., Feb. 23.—Southwestern "bumped" on the state normal basketball in a game here Saturday night, 44 to 27. The Builders took the lead at the start and were never headed. Gardner, Kahlert and Halborn were the individual stars for the winners, while Keyes and Cairns played well for the normal. In a preliminary game the Southwestern girls defeated a team from St. John's college, 35 to 7.

Wellington It's a WDC. The Bowl and bit of the Wellington suit sweet and clean. All moisture passes from which it may be easily removed. And the top opening bit sends smoke upward away from tongue. Genuine French Briar. WDC seasoned. Guaranteed against cracking or burning through. Ask your dealer for the shape you like. Popular prices. WM. DEMUTH & CO. NEW YORK

SKYLARK GASOLINE KANSAS CITY REFINING SALES COMPANY

Bird's-Eye View of Marmon Factory at Indianapolis. Two New Plants Have Been Added.

Early Delivery on the New Series Marmon

Marmon Factory Increases Production. Kansas City Allotted 600 Marmons for 1920. 50 Per Month

In one week of the show 30 discriminating buyers of Kansas City purchased Marmon cars of the New Series.

Yet, in spite of such a sale, we can continue to take orders for early delivery!

Ordinarily this would not be possible. But fortunately, Marmon production has been increased with the new series, and the Kansas City territory has been given an allotment of 600 Marmons for 1920.

This gives us 50 Marmons a month, an exceptional shipment on a car of the Marmon class.

It is not generally known that Marmon production has been increased. And many people are still under the impression that they have to wait for a long time for delivery on a Marmon.

It is to correct this impression that we make the facts public.

Two New Factories Production facilities at the Marmon plant have been expanded. And increased production is under way.

New machine shops have been in operation for some time. These were the new shops built during the war for airplane engine manufacture. With their equipment, they are

now used in the production of the new series Marmon.

Other new additions to the plant include a new body shop, five stories high and 600 feet long, new woodworking shops and dry kilns, now being completed.

The increase in production gives the Kansas City territory the unusually large allotment of 600 Marmons for 1920.

Factory shipments of 50 Marmons a month assures you of the early delivery you seek.

The Marmon Show Exhibit Still Continues The Marmon exhibit attracted great interest at the show. And it is to be seen now at our museums.

Do not miss this chance to make a close and comfortable inspection of the Marmon High Efficiency Motor.

Learn what new features in design this motor introduces. And how the motor is built to the close "mechanical limits," the accuracy and precision achieved for the first in quantity production in the construction of aircraft engines.

Whether you intend to buy a car or not, make it a point to visit this exhibit for the great educational value.

CHAMPION LIBERTY MOTOR BUILDERS. De. Edwards' Olive Tablets are a harmless substitute. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth or the stomach or the bowels. They are the only medicine that can be taken at the expense of the health. Calomel sometimes plays havoc with the gums, and it is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place. Headaches, "colic" and that lary feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets. They "clean" the liver and "break up" the bowels. 10c and 25c.

ELLWOOD MOTORS, 1608-10 McGee Nurdyke & Marmon Company, Indianapolis Established 1851. A large image of a Marmon car.
